STEEL WIRE BRUSHES.**Painters' Brushes.**

A heavy, full brush made from specially tempered round steel wire, suitable for cleaning metal surfaces of all kinds; also extensively used for cleaning exterior work on stone, brick, terra cotta and rough painted surfaces. The heaviest and most serviceable brush made.

Size of block, $7\frac{1}{4} \times 2\frac{1}{4}$ inches. Rows, 6 x 19.
Length of stock, $1\frac{3}{4}$ inches.

No. A31. Price.....\$2.65 per dozen

Painters' Brushes.**With Concave Back.**

This Brush is short trimmed, very full and stiff, made from round tempered steel wire; particularly recommended in connection with paint and varnish remover, for removing varnish and wax from hardwood floors and for cleaning and preparing flat varnished or painted surfaces for refinishing. It leaves the cleaned surface in smooth condition without roughing the wood; it takes the place of sandpaper, mineral wool and all other abrasives.

Size of block, $7\frac{1}{8} \times 2\frac{7}{8}$ inches. Rows, 9 x 22.
Length of stock, $1\frac{1}{8}$ inches.

No. 370. Price.....\$3.90 per dozen

Painters' Brushes.**Steel Wire Stock.**

Used for cleaning architectural iron work, figured brass and bronze castings, patterns and braziers' work; also as a file cleaning brush.

Bent Handle; 3 Rows.

No. A40. Price.....\$2.15 per dozen

Painters' Brushes.**Steel Wire Stock.**

Is specially adapted for metal and painted surfaces where a narrow brush is required.
